FIELDS.—The delightful Pleasure Grounds at Hoboken
have been put in complete order, and, having been much improved,
are now open to visiters. The cool and shady walks, winding for a
long distance on the banks of the majestic Hudsen, ofter a pleasant
and refreshing retreat from the hot and dusty pavements of the city.

The heights of Castle Point (which are still open to the public) command an extensive and beautiful prospect, embracing at a glauce the
mobile bay dotted with islands, and enlivened with vessels gliding in
every direction on its bosom: the city, with its numerous spress and
the distant hum of its busy inhabitants; while the river, whitened
with sails, is lost in the distance beyond the towering palisades, presenting altogether a scene lovely beyond description, and of its kind
unequaled.
